

Restoring Families by Ending Addiction through the power of Jesus Christ.

We had a wonderful time at Metro Hope's Annual Gala in September, celebrating the goodness of God! Several of our graduates shared their stories about how God has transformed their lives and the blessings that surround them today, because of His love. Two of our graduates, Stephanie and John, shared their story of how they were entrenched in addiction, running from Child Protection, who were going to take their baby boy away from them. John had already lost custody of his older children, along with everything else, due to his addiction. When they decided they needed help, Stephanie's mother told them about Metro Hope. When they came to Metro Hope, Stephanie and the baby lived together, full-time, at Healing House while John was at New Hope Center. They both encountered Jesus in a mighty way! Jesus changed their hearts, minds and lives. After graduation they married, and have another baby boy.

They have been sober for 3 years, both working full-time, and living their lives for Jesus! They are a blessing to everyone around them as well as their community!

This is the family that God built!  
John, Stephanie and their sweet boys!  
Reasons to celebrate God's goodness  
and praise His Holy Name!

All of us at Metro Hope are so grateful for the donor family that God has built for Metro Hope!
